***After you complete this process online at Larsen Billing you will receive an e-mail within 7-10 business days from Larsen Billing verifying your insurance benefits (except Medicaid – no VOB required) so that we may provide an estimate of your out of pocket cost for prenatal care and birth center delivery. Our Front Office Manager will contact you within 2 weeks of your first visit if she has not received this verification, as this step *MUST* be completed *before* your second office visit. Please allow time during your second visit for your financial information to be reviewed with you and to set up your payment plan if necessary.**
